"HAVE YOUR OWN HOUSE" IN CALCUTTA

To have a house and property of one's own in Calcutta—the largest city of India and the biggest centre of business, industry, commerce, education and culture—amid healthy, sanitary, and beautiful surroundings is indeed a great fortune and the cherished desire of many. But how few are blessed with this much coveted possession.

Still we can really help you to secure this fortune without much exertion on your part. Our terms and conditions are so very easy, simple and accommodating that with moderate means you can have a land and home of your own in our Estates. This is possible only because our system is more of a hire-purchase principle by which you can own a property in exchange of the money you lose every month and permanently on rent. We allow very easy instalments and charge 6 per cent interest, i.e., one-third of the value now and the rest in eight years, and thus help you to be fortunate enough to have a sweet home of your own in Calcutta.

We have thousands of small plots in different parts of Calcutta and the suburbs, also near the Lakes, close to tram and bus services at Tollygunge, Russa Road, Charu Avenue, Regent Park, Dum Dum, Manicktala, Belgachia, etc. Different colonies are kept reserved for different communities and nationalities—Bengalee, Punjabi, Anglo-Indian, European, etc.—all being provided with good roads, electricity, telephone, school, library, temple, market, dispensary, park, etc.

Don't miss this unique opportunity.

For terms apply to :—**Messrs. MUGNEERAM BANGUR & CO.**, Land Dept., **CHARU MARKET, RUSSA ROAD SOUTH, TOLLYGUNGE**, Phone, South 135 ; and **Dr. CHARU CHANDRA CHATTERJEA**, 109-2, LAKE ROAD, CALCUTTA, Phone, South 1330.

PUBLISHERS' FOREWORD

THE Publishers have much pleasure in presenting to the public the seventy-eighth issue of THACKER'S INDIAN DIRECTORY. The fact that it has reached so many editions may be regarded as conclusive proof of its usefulness to the public.

An enormous amount of labour is required for the compilation of a work of this nature, and the Publishers have spared no efforts to ensure that the information contained in the book is accurate and up-to-date.

THACKER'S INDIAN DIRECTORY is the ONLY work of its kind that covers the whole of India, including Burma and Ceylon. It is an invaluable aid in keeping in touch with present customers and in expanding business relations.

The CHIEF INDUSTRIES section of the Indian Directory is also published in a separate volume for the convenience of merchants and agents, at Rs. 10 per copy. This edition also contains a separate alphabetical index of Companies, Factories, Works, Mills, Mines, Tea Gardens, Coffee Estates, etc.

The CALCUTTA DIRECTORY is also obtainable in a separate volume, at Rs. 9 per copy.

The Publishers again desire to thank all those who have so courteously responded to their request for information, and also those who have helped with their criticisms and suggestions. They will be grateful if readers will bring to their notice any errors or omissions. Any suggestions that may tend to make the Directory more useful to the majority of subscribers will be welcomed.

THACKER'S INDIAN DIRECTORY, title and contents, is fully protected by copyright, and all information supplied by the general public, the business community and government departments is regarded as *bona fide*.

BROADCAST RECEIVER LICENSES

A Broadcast Receiver Station is one which is capable of receiving morse and/or speech but not capable of transmitting. The station may only be used for reception and for purposes other than public or private correspondence, *i.e.* for private domestic use, experiment and instruction by amateurs. It may not be used for business purposes. No certified operators are required.

These licenses are available at all Imperial Head Post Offices and certain Sub-Post Offices in India on demand and upon payment of an annual fee of Rs. 10/- in respect of each set or station licensed.

The possession of a broadcast receiver license does not entitle the licensee to import wireless transmitting apparatus into British India.

The procedure for obtaining, issuing and renewing these licenses is laid down in Section XXIIIA of the Post & Telegraph Guide and can be ascertained from any Post Office in India.

These licenses are not valid for the use of wireless apparatus in Indian States. They are, however, available for the use of apparatus in certain Civil and Military Stations in Administered Areas in Indian States, particulars of which can be obtained from Imperial Head Post Offices in India.

In the event of a broadcast receiver license being lost a substitute license can be supplied by the Director-General of Posts & Telegraphs on payment of a fee of Rs. 2/-. Applications for these licenses should be made direct to the Director-General of Posts & Telegraphs (Wireless Branch), New Delhi.

CONDITIONS

1. This license permits the use of Wireless Receiving Apparatus for Private and Domestic purposes only, and the Licensee shall not permit the station to be used for any purpose other than that of receiving messages sent for general reception.

2. The station shall not be used in such a manner as to cause interference with the working of other stations. In particular, reaction must not be used to such an extent as to energise any neighbouring Aerial.

3. An Aerial which crosses over or is liable to fall or to be blown away upon any telegraph or telephone line or overhead power wire (including electric lighting and tramway wires) must be guarded to the reasonable satisfaction of the owner of the power line or lines concerned so as to prevent any damage being done in the event of a break occuring.

4. The station shall be open to inspection at all reasonable times by any officer duly authorised by the Director-General of Posts & Telegraphs. At the request of such authorised officer this license shall be produced for inspection.

5. This license may be cancelled by the Director-General of Posts & Telegraphs at any time either by the specific notice published in the *Gazette of India* addressed to all holders of Wireless Receiving Licenses. In the event of cancellation no part of the fee will be returned.

6. Any change of address must be promptly communicated to the Issuing Postmaster and the license returned in order that the necessary amendments may be made thereon. The location of the station may be altered temporarily at the discretion of the Licensee, but if it is intended that the station shall leave the original location for a period exceeding three months at any one time, the Licensee must inform the Issuing Postmaster and return this license for endorsement.

7. If it is desired to continue to maintain the station after the date of expiry this license must be renewed *within fourteen days* of the date of expiry of the license. Heavy penalties are prescribed by the Indian Telegraph Act, 1885, on conviction of the offence of establishing, maintaining or working a Wireless Station without a license. The possession of wireless apparatus without a license is also an offence under the Indian Wireless Telegraphy Act, 1933.

8. The Licensee or members of the household may use more than one receiving set at the licensed address without additional license.

9. This license is not transferable but in the event of the decease of the Licensee, it will be regarded during the unexpired portion of its currency as covering the use of wireless apparatus at the address of the licensed station by any member of the deceased's household.

10. The Licensee shall not divulge or allow to be divulged to any person (other than a duly authorised officer of the Government of India or a competent legal tribunal) or make any use whatsoever of any message received by means of the station other than time signals, musical or other programmes and messages transmitted for general reception.

11. Notwithstanding anything contained in Condition 10 of this license, the Lisensee, or any other person either on behalf or by permission of the Licensee or with the cognisance of the Licensee shall not reproduce or publish in the press or disseminate by other similar means messages sent for general reception by any station and received by means of the station.

12. This license does not authorise the Licensee to do any act which is (a) an infringement of any copyright which may exist in the matter received by the station, or (b) contrary to any rule made by a competent authority regulating musical or other performances or noises in the area in which the Wireless station is established.

BRITISH INDIAN WEIGHTS.

The *Unit* of the British Ponderary System is called the *Tola.* It weighs 180 grains English Troy Weight. From it upwards are derived the heavy weights, *viz.*, *Chittack*, *Seer* and *Maund;* and by its sub-division the small or jewellers' weight called *Mashas, Ruttees* and *Dhâns*

1 Dhân or grain is equal to 15|32 grain Troy, or 3|175 dr. Avoir.

4 Dhâns make 1 Ruttee, or 1⅞ grain Troy, or 17/175 dr. Avoir.

8 Ruttees make 1 Masha, or 15 grains Troy, or 96|175 dr. Avoir.

12 Mashas make 1 Tola, or 7 dwt. 12 grains Troy, or 6 102|175 dr. Avoir.

5 Tolas make 1 Chittack, or 1 oz. 17½ dwt. Troy, or 2 2|35 oz. Avoir.

16 Chittacks make 1 Seer, or 2¼ lbs. Troy, or 2 2|35 lbs Avoir.

40 Seers make 1 Maund, or 100 lbs. Troy, or 82 2|7 lbs Avoir.

TO CONVERT INDIAN WEIGHT INTO AVOIRDUPOIS.

Multiply the weight in Seers by 72, and divide by 35; the result will be the weight in lbs. Avoirdupois; or multiply the weight in maunds by 36, and divide by 49; the result will be the weight in cwts. Avoirdupois.

TO CONVERT AVOIRDUPOIS WEIGHT INTO INDIAN WEIGHT.

Multiply the weight in lbs. Avoirdupois by 35, and divide by 72; or multiply the weight in cwts. by 49, and divide by 36; the result will be the weight; in the former, in Seers; in the latter, in Maunds.

LINEAL MEASURE.

Notwithstanding that the cubit or human forearm is basis or unit in Oriental and Western countries, there is no fixed standard established in India.

In Bengal the measure mostly used is the following:—

The Coss or Bengal mile is equal to 1 mile, 1 furlong, 3 poles, 3½ yards English

The Indian Imperial Coss is equal to 2¼ miles nearly

In the United Provinces of Agra and Oudh the average distance is about 2 miles, but it differs in almost every province in the country. For instance, in Agra and Muttra the coss is about 1¾ mile; towards the Hills the coss is a little more than a mile; in Bundelkhund it is three times as long as in other parts and is called a *Pucca coss;* while in the Doab it is the *Gow coss,* or as far as the lowing of a cow is heard at dead of night

GOVERNMENT, TRADE AND COMMERCIAL OFFICES, ETC, IN LONDON DEALING WITH INDIAN MATTERS

INDIA OFFICE

KING CHARLES STREET, WHITEHALL, S W 1

Indian Government business in England is conducted at this office, which adjoins the Foreign Office in St James's Park. It is the official headquarters of the Secretary of State for India

The following subjects are dealt with by certain departments of the office:—

Public and Judicial Department

Secy A Dibdin

This Department deals largely with constitutional matters arising out of the Government of India Act, Legislation and the Legislative Councils, the appointment and conditions of service of various high officers, Judicial and Police matters, Jails, Publicity and Ecclesiastical matters, Indians Overseas and Imperial Conferences. It corresponds chiefly with the Home and Legislative Departments of the Government of India

Services and General Department

Secy F W H Smith CIE

This Department deals with recruitment for the Indian Civil Service and the Indian Police and with all matters relating to the regulation of the Civil Services in India over which control is exercised by the Secretary of State. It also deals with a large variety of general questions

Economic and Overseas Department

Secy W D Croft CIE, CVO

This Department deals with questions concerning Indian Trades, Commerce, Statistics, Economic Products, Indus-

tries, Labour and Development, Irrigation, League of Nations, Public Health, Revenue, etc. The greater part of its work corresponds with that of the Departments of Commerce and Labour of the Government of India, but a large part corresponds with work done in India by the Departments of Education, Health and Lands, and Communications and with the Legislative Department

Military Department

Secy Lt-Genl Sir S F Muspratt KCB, CSI, CIE, DSO

Jt-secy J A Simpson

This Department deals with matters of policy and administration connected with Defence in India, comprising the Army in India, the Royal Air Force in India, and the Royal Indian Navy. Its work corresponds generally with that of the Defence Department of the Government of India

Accountant-General's Department

Acctt-genl S Turner CBE, FIA

All payments from Indian revenues on account of expenditure in Europe, not made by the High Commissioner for India, are made through this department including Military leave pay, pensions, and other disbursements, interest on Sterling Debt, etc

Record Department

Supdt of records W T Ottewill OBE

This Department is charged with the custody of the official records, which comprise many thousands of volumes and extend back to the foundation of the East India Company in 1600. Included in these records are Ecclesiastical Returns of Baptisms, Marriages and Burials of Europeans in India, dating from about the beginning of the 18th Century, and copies of Wills, etc, from about the same period. The department is also responsible for the production, presentation, etc, of Parliamentary papers relating to India, and for the distribution of official books and maps required in the India Office

Library

Librn H N Randle MA, D Phil

The Library (founded in 1801) serves the two-fold purpose of departmental and general reference. The former requires a fairly exhaustive provision of works —descriptive, historical, political, scientific, etc—originated by European contact with India and the most nearly adjacent countries. But a place is found also for large, in some cases unrivalled, collections of Oriental books and MSS (Sanskrit, Arabic, Persian, Hindustani, etc), and for the apparatus of philological literature relating to the study of them. There is a reading-room where books and MSS may be consulted. Books and MSS are lent under certain conditions

The Library is open daily from 10 a.m. to 5 p.m. (Saturdays 10 a.m. to 1 p.m.)

DELICIOUS FOOD FOR INDIA

By MARIE EDWARDS — **A BOOK FOR CONNOISSEURS** — **Price Rs. 5-8.**

The "Statesman" says:—

Under the modest title of notebook, Marie Edwards has provided her readers with a great deal of pleasantly expressed information on the preparation of all kinds of food. *The thirty-six lunch and dinner menus should cover every contingency with which a hostess is likely to meet,* either here or at home and the chapters devoted to invalid food, buffet dinners, sandwiches and cocktail savouries *will be extremely welcome to any housewife in search of variety.*

In addition to recipes of ordinary meal-time dishes the author devotes *a special section to sweets,* and shares with her public her personal experiences in the art of making chocolate truffles, French nougat marzipan apples, and so on.

The advice on the innumerable methods for making a chicken attractive, and the wealth of detail with regard to egg dishes and first courses are amongst the best features in a book which should be *as great an asset to the housewife at home as to the memsahib in India.*

HOW THE "AZAD" DAILY ACHIEVED SUCCESS

To satisfy every demand of the reader is the first step to success in journalism. The continued increase in circulation day by day prove the soundness of the "AZAD" Editorial policy. We want every advertiser, agent and advertising man to judge the value of the "AZAD" as an advertising medium by studying:

(1) The Editorial features.
(2) The net sale figures.
(3) The type of reader.
(4) The price of space.
(5) The positions accorded to advertisements.

The five points will lead you to one conclusion—that the "AZAD" offers greater value for money. The success of the "AZAD" is due to offering reader, advertiser and agent FULL VALUE for money.

BENGAL NATIONAL CHAMBER OF COMMERCE

(Estabd, 1887)

Office—2, Royal Exchange place

Phone No Cal 3932. *Tel ad*—Conjoint

The Bengal National Chamber of Commerce, the premier institution of the Indian Commercial Community in Bengal, was founded in 1887. The objects of the Chamber are to aid and stimulate the development of commercial, agricultural and industrial enterprises in Bengal and Assam and to protect the commercial interests of all persons trading therein; to promote unanimity and uniformity of practice amongst the members of the commercial community; to represent their views and requirements to the Government, railway and port authorities; to arrange for organised action on all matters involving the interests of members including conditions of employment of industrial labour; to arbitrate when occasion occurs between parties willing to submit their differences to the Association, and generally to do all such things as may be conducive to the interests of the commercial classes of Bengal and Assam

The Chamber has recently organised an Industrial Museum for making an effective display of the industrial products of the Province to the best interest of the industries, particularly in the matter of pressing their claim to various forms of Governmental assistance and also for providing expert advice to those who might be looking for proper guidance in the matter of selecting particular lines of industrial venture

The constitution of the Chamber extends the facilities of Associate and Honorary membership to the entire trading Community in Bengal. The number of ordinary members on the rolls is near about 400. Almost all the leading Indian Commercial and Industrial Firms and persons in every branch of the inland and foreign trade in Bengal are members of the Chamber. A considerable portion of

the joint stock capital invested in Bengal in banking, insurance, steamer services, cotton mills, etc is also represented. The constitution of the Chamber provides for a close association as between the Chamber and various sectional organisations of trades and industries of Bengal

The Chamber enjoys the privilege of electing representatives to the Bengal Legislative Assembly, the Calcutta Port Trust, the Calcutta Improvement Trust, Bengal Industries Board, Economic Enquiry Board, Bengal and other important bodies

The headquarters of the Chamber are at Calcutta and its affairs are administered by a committee of 32 members in addition to the President, two Vice-Presidents and the Honorary Treasurer with the help of the Secretary and a number of Departmental committees
